

Parent Involvement Policy Aspermont Elementary School

Statement of Purpose:

Aspermont Elementary School is dedicated to providing quality education for all students at Aspermont Elementary. To accomplish this objective, and to meet Title I requirements, we will develop and maintain a working relationship with the Parents in our community. A positive link between home and school will create a productive learning environment for our students at Aspermont Elementary.

Meetings For Title I Parents:

Aspermont ISD will hold a meeting for parents each school year. Parents will be informed of any new guidelines that are different than the prior year for Title I schools. The Parent Involvement Policy & Student-Parent Compact will be discussed, giving parents the opportunity to provide input for changes needed in current policy.

The meeting will be held at a convenient time and location.

Written notice will be issued in the Hornet Happenings for two weeks prior to the meeting date.

School-Parent Compact:

Each year the Student-Parent Compact will be evaluated and appropriate changes will be made to enable that the school and parents share responsibility for the student performance and success.

Staff/Parent Communication:

Parents will be active participants in their children's learning process through various avenues of communication throughout the school year.

Hornet Happenings, conferences, e-mail, personal contacts and written notices will be utilized to establish and maintain an open form of communication between parents and educators. The on-line grading system is another tool that can be utilized to maintain communication between parents and teachers regarding the status of a student progress in mastering grade level objectives.

Evaluation:

In April, of each school year a questionnaire will be sent home to all parents to evaluate the Parent Involvement Policy and the School-Parent Compact. This will allow the parents to provide feedback on the effectiveness of the Policy and Compact as well as make recommendations for improvement. The district will revise the Parent Involvement Policy and School-Parent Compact based on the results of the annual evaluation.
